

SUMMARY

SOIL SCIENCES

Testing kinetic of nutrients release from complex mineral fertilizers coated with co-polyester films from pet waste recycling and effect on soil chemical properties - Amelia ANGHEL, Anca-Rovena LĂCĂTUȘU, Radu LĂCĂTUȘU, Stela IANCU, Mihaela LUNGU, Rodica LAZĂR, Andrei VRÎNCEANU, Claudia BĂLĂCEANU....	13
Contribution of soil invertebrates to the stability of eroded soils in the South of the Republic of Moldova - Alina BĂLAN, Irina SENICOVSCAIA, Raisa DANILIUC	19
Long term heavy metals soil pollution caused by emissions from Thermal Power Plant Doicești - Claudia-Elena BĂLĂCEANU	25
Studies on soil cover and land suitability to various agricultural uses, in the South/East of the Olt County - Mariana BURCEA, Marian MUȘAT	30
Modification of main soil agrochemical indicators under different fertilization systems applied in greenhouse for maize and oats yields - Valentina COTEȚ	36
Agroecology problems by maintenance of fertility soil - Larisa CREMENEAC	40
Research concerning the organic carbon quantity of National Park Piatra Craiului and the C/N ratio - Elena - Mihaela EDU, Sevastian UDRESCU, Mircea MIHALACHE, Lucian DINCĂ	44
The state land quality in the vineyards of Republic Moldova - Boris GĂINĂ, Tamara LEAH	47
Processes and types of aggregate organization of a typical moderated humiferous chernozem in conditions of various no-till models - Gheorghe JIGĂU, Tatiana NAGACEVSCHI, Elena TOFAN	53
Considerations regarding the evolution of chernozems in the Carpatho-Danubian-Pontic region under agricultural regime - Gheorghe JIGĂU	57
State quality monitoring of the grey soils from warm moderately North zone of The Republic Moldova - Tamara LEAH	64
Evolution of chernozems leached quality under intensive agriculture in central zone of Moldova - Tamara LEAH, Nicolai LEAH	70
Biodegradation of petroleum hydrocarbons in a polluted soil as mediated by a natural biodegradable product - Mariana MARINESCU, Anca LĂCĂTUȘU, Mihail DUMITRU, Mihai MARINESCU	74
Influence of different amendments on the dynamics of molds in chernozem soil of Dobrogea - Tatiana PASCU, Elena DELCĂ	79
Pedologic evaluation of the erosion degree of the soils in Slănic (Buzău) and Râmnicu Sărat river basins - Mihai PARICHI, Anca-Luiza STĂNILĂ, Marian MUȘAT	82
Changes in the pedolandscape of the Romanâți Plain (The Field of Dăbuleni) - Mihai PARICHI, Anca-Luiza STĂNILĂ, Ștefan ISPAS	87
Study on the impact of product on the ground due to operation of station asphalt Gureni Gorj - Irina-Ramona PECINGINĂ	91
Sustainable land management in agriculture - Obrenovac Municipality (Serbia) case study - Vesna POPOVIĆ, Jonel SUBIĆ, Marko JELOČNIK	94

Review process of water movement in soil in the sprinkler irrigation system using a simulation model HYDRUS-1D - Amirpouya SARRAF, Saeed SAFARI DOLATABADI, Morteza SALEHPOOR	102
Description of hydrolytic lignin in terms of its use as fertilizer and amendment - Andrei SIURIS	107
Pedogeomorfological data from Titu - Dâmbovița area - Anca-Luiza STĂNILĂ, Mihai PARICHI, Ștefan ISPAS, Adrian BASARABĂ	111
An overview on the main properties of a gleyic phaeozem located in Mitoc, Botoșani county, Romania - Claudia ȘTEFAN, G. ȘTEFAN	117

CROP SCIENCES

The effect of prolonged release mineral fertilizers coated with co-polyester films from pet waste recycling on maize plants - Amelia ANGHEL, Anca-Rovena LĂCĂTUȘU, Radu LĂCĂTUȘU, Stela IANCU, Mihaela LUNGU, Rodica LAZĂR, Andrei VRÎNCEANU	123
The behaviour of some sunflower (<i>Helianthus annuus</i>) hybrids from abroad under water and heat stress at ARDS Simnic - Dorina BONEA, Viorica URECHEAN, Emilia CONSTANTINESCU, Dragoș IANCU	129
Study regarding useful fauna on corn plants - Diana COMAN	133
Research on behavior of the triticale genotypes in the sandy soils conditions - Iulian DRĂGHICI	137
Optimization of the production of beans cowpea under the impact of technological factors - Reta DRĂGHICI	142
Researches concerning vegetation treatment of the maize crop for controlling of the maize leaf weevil (<i>Tanymecus dilaticollis</i> GYLL) - Emil GEORGESCU, Nicoleta BALABAN, Lidia CANĂ	147
Water management – larger yield and lower costs - Christian HALDRUP	154
Oilseed rape production under the autumn water stress conditions in Romania - Horia Victor HĂLMĂJAN, Gabriel GHIȚĂ, Leonard Gabriel ANDREI, Alexandru Ionuț SPINCIU, Mihaela GEORGESCU, Gina SCĂEȚEANU	158
Studies concerning nectar secretion at rapeseed (<i>Brassica napus</i> L. ssp. <i>oleifera</i> D.C.) - Nicoleta ION, Viorel ION, Răzvan COMAN, Adrian Gheorghe BĂȘA	162
Studies concerning water uptake during germination process at cereals - Viorel ION, Adrian Gheorghe BĂȘA, Lenuța Iuliana EPURE, Maria TOADER	170
Research about manganese regime from agricultural eco-systems improved by the sewage sludge - Nicolaie IONESCU, Gelu MUJEA, Marilena DIACONU, Ana IORDĂNESCU, Sorin Gabriel IONESCU	176
Study about biodiversity of <i>Matricaria inodora</i> ligulae flowers type - Nicolaie IONESCU, Sorin Gabriel IONESCU	182
Oilseed rape crop in Romania under climatic conditions over the last 5 years: cultivated areas and yields - Daniela Elena MĂLAIMARE	188
Efficiency of utilization of a drought index in evaluation of adaptability to drought of corn hybrids (<i>Zea mays</i> L.) in early testing stages - Valentin MANDACHE, Ion CIOCAZANU, Gabriela VALSAN, Viorel DINCĂ	192
Amelioration effect of alfalfa culture in the mini-till agriculture system - Maria MOTELICĂ	201

A comparative farm level cultivation of conventional and BT cotton - Sajjad A. MUHAMMAD	207
Research regarding weed infestation in wheat crop at ecologic Prod Farm, Mihail Kogălniceanu - Constanța county - Gheorghe PASCU	212
Research regarding weed control in wheat - Gheorghe PASCU	216
The uses of wild species <i>Helianthus argophyllus</i> for obtaining sunflower germplasms with improved resistance to drought and broomrape infestation - Elena PETCU, Maria JOIȚĂ-PĂCUREANU	220
Preliminary research regarding <i>monilinia laxa</i> (aderhold & ruhland) honey ex whetzel attack in plum tree - Tudorel POPA, Stelica CRISTEA, Cristinel Relu ZALĂ	225
Considerations on energetic effect to crop production on eroded soils - Popov LEONID	229
The behavior of some new corn hybrids, cultivated in Brăila county - Aurica SOARE, Gheorghe VOICU	233
Research on the dynamics of the productivity components in <i>Dactylis glomerata</i> L., under the conditions of the Romanian Plain - Ana-Maria STANCIU, Vasilica STAN, Gheorghe MOTCĂ	239
The response of some sunflower hybrids in low water supply conditions in the central Dobrogea Plateau - Gabriela-Mariana STOICA, Ionel JINGA, Ion STERE, Ioana STERE, Vasile STOICA, Viorel DINCĂ, Vasilică-Irinel HOARCĂ	244
Characteristics of amphidiploids in the <i>Triticum-Aegilops-Haynaldia-Agropyron</i> group - Hristo STOYANOV	249
Utilization of large testing network to estimate annual genetic gain for yield and tolerance of corn to water stress in a breeding program FAO 480 and FAO 550 - Gabriela VALSAN, Ion CIOCAZANU, Valentin MANDACHE, Viorel DINCĂ	256
Studies on quality of multifoliolate alfalfa - Christina YANCHEVA, Dimitria PETKOVA, Atanas SEVOV	261
Research regarding the response of rapeseed hybrids to pathogens - Cristinel Relu ZALĂ, Stelica CRISTEA, Emil RADU, Mali-Sanda MANOLE, Viorel Adrian BĂLAȘU, Elena Camelia CLINCIU	265

ECOLOGICAL AGRICULTURE

Research on productivity and yield quality of <i>Salvia officinalis</i> L. species grown in organic agriculture conditions - Adrian Gheorghe BĂȘA, Gheorghe Valentin ROMAN, Viorel ION, Maria TOADER, Lenuța Iuliana EPURE	271
Management of organic waste in context environment protection - Tatiana BOCLACI	279
Principles of organic agriculture - Viorela CODOI, Ramona IANCU	283
The premises of ecological agriculture development in The Republic of Moldova - Liliana CONDRAȚCHI, Pavel MOVILEANU, Veronica MOVILEANU	288
Research on the productivity and yield quality of maize (<i>Zea mays</i> L.) – pumpkin species (oil pumpkin – <i>Cucurbita pepo</i> var. <i>Oleifera</i> L., musk pumpkin – <i>Cucurbita moschata</i> Duch.) intercropping, in the organic agriculture system - Elena Mirela DUSA, Gheorghe Valentin ROMAN	294
The analysis of weed communities from a rape crop in Fundulea (county Călărași) - Mihaela Ioana GEORGESCU, Horia Victor HĂLMĂJAN	298

Organic beekeeping and bee products - Ramona IANCU, Letiția OPREAN, Viorela CODOI	302
Influence of depth placement and duration of stay in the soil of <i>Amaranthus</i> species seeds on rest and germination - Cveta MOSKOVA	306
Research regarding production potential of lucerne in ecological crop - Mihai ROȘU	310
Research regarding quality of lucerne in ecological culture - Mihai ROȘU	314

AGRICULTURAL ENGINEERING AND RENEWABLE ENERGY SOURCES

An investigation into the ergonomics of tractor seat position - Kate LIVESEY, Lancelot BUTTERS	321
The experimentation of the TC 5050 new holland combine harvester in winter wheat crop harvesting - Corneliu PAHONI	327
Research regarding the performances obtained by the 560 and the 750 Claas Lexion combines in sunflower harvesting - Corneliu PAHONI	331
Aggregate for plowing and sowing of blend species and help in the forests - Ion SARACIN, Olimpia PANDIA, Alexandru CHIRIAC, Ion BOZGA	334

AGRO-FORESTRY AND CLIMATE CHANGES

Practical considerations regarding the work capacity of Stihl BT 121 motto-borer, equipped with a 150mm drill, for drilling holes for planting saplings - Nicușor BOJA, Florin BOJA, Petru Aurel DĂRĂU	341
Research for optimization of green spaces design and irrigation in Bucharest's Plain - Alexandru-Marian CHIPER, Sorin-Mihai CÎMPEANU, Alina NIȚU, Ionel JINGA, Valentina CHIPER (MIHALCEA)	349

APPLIED BIOLOGY IN AGRICULTURAL SCIENCES

<i>Lycium barbarum</i> L. – a new species with adaptability potential in Bucharest's area - Ioana Claudia MENCINICOPSCHI, Viorica BĂLAN, Carmen Gabriela MANOLE	361
Determinations of the content of vitamin C, carotene and protein in different local populations of hot pepper for use in the pharmaceutical industry - Olimpia PANDIA, Ion SARACIN, Alexandru CHIRIAC, Ion BOZGA, Margareta OANCEA, Carmen TICU	365
Determination of NPK in some local populations of pepper in order to obtain adequate food compliant with the EU food safety rules - Olimpia PANDIA, Ion SARACIN, Alexandru CHIRIAC, Ion BOZGA, Margareta OANCEA, Carmen TICU	369

MISCELLANEOUS

Needs assessment of efficiency and promotion of physical education activity in education academic agronomic - Claudia ANGHEL	375
Morfo functional study on profile and driving current students of USAMV Bucharest - Claudia ANGHEL	379

Evolution of Romanian agriculture in the last two decades and the necessity of cooperation - Florentin BERCU, Daniel Dumitru BOTĂNOIU	383
Diversity of <i>Xiphinema</i> species (nematoda: dorylaimida) associated with different crops in Romania - Mariana BONTĂ (GROZA), Vlada PENEVA, Stela LAZAROVA, Ioan ROȘCA	387
The agricultural consultancy service from Romania - Alina DRAGOMIR.....	391
Spikes of azure bloom: lavender – history... and stories - Elena-Loredana POHRIB, Elena NISTOR	395
Changes in the structure of <i>Platanus</i> sp. and <i>Tilia</i> sp. species induced by pollution - Emilia Brîndușa SĂNDULESCU, Tudor ȘCHIOPU	406
Model and support system prototype for scheduling the beehive emplacement to agricultural and forest melliferous resources - Virgil VLAD, Nicoleta ION, George COJOCARU, Viorel ION, Adrian LORENȚ	410
